Senior Software Engineer / North West England

We're very excited to offer this opportunity to join an energetic new company where your ideas and contributions can have a real impact on the business success, in a company that believes in rewarding great ideas and hard work.

deviceTRUST, established in 2016 and based in Germany and the North West of England, is a small company with a big vision; to contextualize access to the corporate enterprise, allowing users the freedom to access their corporate environment from anywhere on any device, while giving IT departments the information and control they need to meet their governance requirements.

At deviceTRUST, you'll be working closely with a small team of experienced engineers and sales professionals, full of energy and with a passion for what we can achieve.

YOUR RESPONSIBILITIES

- Key contributor to the deviceTRUST product, involved in all stages of design, architecture and development.
- Self-motivation is essential, and you'll be expected to research new techniques autonomously or develop new features within a team.
- An ideas generator at all levels, from small tweaks to the code base, to enhancing the roadmap.
- Excellent communication skills.

ESSENTIAL EXPERIENCE

- Minimum 5 years enterprise software development experience using C/C++.
- In depth knowledge of the Microsoft Windows Operating System within an enterprise environment.
- Design for security, testing, stability, simplicity and performance.
- Proven track record of creating simple customer-first user interfaces.
- Experience of writing multi-threaded software.
- Understanding of advanced debugging techniques.

DESIRABLE TECHNOLOGIES

- C++ (Windows, Linux), C# (ASP.NET MVC Web API), JavaScript/TypeScript (Node.js), Objective-C (iOS, macOS), Java (Android)
- Microsoft Windows Remote Desktop, Citrix XenApp, VMware Horizon.
- SAML, OAuth, OpenID Connect.
- Windows Installer, WiX toolset.
- Windows Azure or Amazon Web Services.
- HTML, CSS, JavaScript.
- Microsoft Visual Studio, XCode, Git, MSBuild, CMake.

Interested? Then send your CV plus a short description of why you'd like to work with us to jobs@devicetrust.com.
