## **Web Developer / Daresbury UK**

We're very excited to offer this opportunity to join an energetic company where your ideas and contributions can have a real impact on the business success, in a company that believes in rewarding great ideas and hard work. Established in 2016 with offices in Darmstadt, Germany and Daresbury, UK, deviceTRUST is a small company with a big vision; to bring contextual security and user experience to the corporate enterprise.

At deviceTRUST, you'll be joining an experienced team to work on our administration console. Built using the React framework, this is an opportunity to work on something more exciting than typical front-end websites, offering an interactive workflow designer giving our customers the ability to model the contextual security needs of their business. We also offer the potential for involvement in our up and coming cloud solution.

Our UK office is situated at Sci-Tech Daresbury just off Junction 11 of the M56, with easy access from Warrington, Manchester, Liverpool or Chester.

### **BENEFITS:**

- Competitive salary.
- Private healthcare package.
- Annual Bonus.
- Share Options Scheme.
- Enrolment in company pension scheme matching up to 6% salary.
- Generous annual leave.
- Potential to work from home for part of the working week.
- Gym membership including exercise clubs.
- Easy access to the Cheshire Ring Canal or the countryside for lunchtime exercise.
- Onsite cafe and restaurant.
- Onsite parking.

### **RESPONSIBILITIES:**

- Working in a small team responsible for the development of our web-based administration console.
- Potential to work on the web frontend of our new cloud solution.

### **ESSENTIAL SKILLS:**

- Experience creating and maintaining administrative web apps within a larger team.

- A proven record of developing simple user experiences to solve complex problems.
- Excellent understanding of HTML / CSS / JavaScript within a web framework such as React, Angular or Vue.
- Self-motivated, working as part of a team or on independent projects.
- Excellent communication skills.

**DESIRABLE SKILLS:**

- TypeScript / React / Angular.
- Microsoft Azure.
- Amazon Web Services and Amazon Marketplace.
- Microsoft Visual Studio Code and Azure DevOps.
