

## deviceTRUST Named an IGEL Ready Partner of the Year for 2022

As IGEL Ready Partner of the Year for Customer Experience in EMEA deviceTRUST celebrated for demonstrating a strong commitment to teaming with IGEL to drive customer and partner success

DARMSTADT / SAN FRANCISCO – February 27, 2023 – [deviceTRUST](#) and [IGEL](#), provider of the managed endpoint operating system for secure access to any digital workspace, today announced that deviceTRUST has been awarded an IGEL Ready Partner of the Year Award for Customer Experience in EMEA. The award was presented to deviceTRUST during [DISRUPT 23](#), the only global event focused on end user computing and the delivery of secure, high-performance digital workspaces to increasingly distributed hybrid workforces, held in Munich, Germany.

The IGEL Ready Partner of the Year Awards program recognizes IGEL Ready partners that have demonstrated strong commitment to customer success, active engagement in the IGEL Ready Program, and success on a global scale. Partners are also recognized for having a clearly differentiated value proposition for customers and partners, when their solutions are combined with IGEL, as well as their ability to improve the customer experience through their alliance with IGEL.

“We are honored to have been awarded as IGEL Partner of the Year 2022 - Customer Experience EMEA. We look forward to our continued collaboration with IGEL and future developments in the IGEL Ready Program.” said Jens Schmidt, CSO deviceTRUST. “Based on context and devices as a security factor, deviceTRUST takes conditional access to the next level! We are ready for Zero Trust and look forward to making high-performance digital workspaces more secure for increasingly hybrid work environments.”

“Congratulations to deviceTRUST on your success as a valued member of the IGEL Ready ecosystem,” said Divya Saggur, Director, IGEL Ready. “We are grateful for your commitment to IGEL Ready, and proud to be working with you to fulfill our mission of making it easier for our mutual customers to deploy, secure and manage their modern workplace environments.”

### About IGEL Ready

Established in July 2020, IGEL Ready is a growing ecosystem of more than 130 technology partners providing hardware, software, and peripheral solutions that have been verified for use with IGEL OS to deliver a powerful, productive, and secure end user computing experience. For more information on the IGEL Ready program, please visit the [IGEL Ready Showcase](#) or contact the IGEL Ready team at [ready@igel.com](mailto:ready@igel.com). If you're a hardware or software technology maker looking to join our fastest-growing ecosystem of IGEL Ready partners, please [apply here](#).

### About deviceTRUST GmbH

deviceTRUST Contextual Security is the layer to protect a company's data and resources and reduces the costs associated with managing and securing digital workspaces while keeping productivity high. deviceTRUST add an additional layer of security to Zero Trust Strategies and bring conditional access to the next level!

With its patented and patent-pending technologies, deviceTRUST provides more than 200 hardware, software, network, security, performance and location features. deviceTRUST integrates easily with any existing workspace management solution and requires no additional infrastructure. The context is always up-to-date and every change trigger a definable action.

## About IGEL

Today, the world of work is hybrid. Multiple clouds can deliver applications sourced from anywhere to a widely distributed workforce using all types of devices. Right at the moment when the world of work needs it most, IGEL has the solution for fully managed, secure endpoint access to any digital workspace that gives IT teams strong control and end-users the freedom to work as they wish in a hybrid world. Enabling choice of any cloud, from any device, anywhere, IGEL unlocks a collaborative and productive end user computing experience while solving the common security and management challenges required to compete and win in today's world of hybrid work. With a growing ecosystem of more than 100 IGEL Ready technology partners, IGEL has offices in Europe and the United States and is represented by partners in over 50 countries.
